As a matter of present interest to the United States, I propose to give a few particulars as to the working of the system here. The only Successful Self-Rake in use. We also sell the

Court which would allow either of mercial marine to foreign flags, the fers some one else for the Vice-Presout by the Navy Department is four and a half inches government is four and a half inch

shall exceed me in the cordulity and carnestness with which I shall sup port him. I am not a candidate for referred to the Indicitor Committee. Feb. 16, 1872,-tf.

FARMERS

We have about twenty-five bushels of Early English Clover Seed, which we have reserved for retailing. Every farmer should try it. For yield of seed, pasture, enriching the soil, &c., it has no equal; and the seed will bring more in market than the common clover. The yield is usually from five to seven bushels to the

"Old White Corner."
